1 Foreword

WS/T 841-2024 was issued by National Health Commission on 8 May 2024 and has been in force since 1 November 2024.

The WS/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the management organization, work procedures, system construction and safety management requirements, and full-process management requirements for monitoring drug use. This standard is applicable to drug administration departments of health commissions at all levels, technical support units at all levels, and public medical and health institutions at all levels.

WS/T 841-2024 falls under ICS 11.020, in the field of health care technology.

This catalogue holds 489 other WS/T standards in that field.
