What this standard covers

This standard specifies the basic requirements for childcare institutions, fire safety responsibilities, fire prevention patrols and inspections and hazard rectification, management of fire-fighting facilities and equipment, safe evacuation management, management of fire, electricity, and gas use, management of combustible materials, fire safety education and training, fire safety measures, emergency plans, and fire safety record management requirements. This standard applies to the fire safety management of established and operational childcare facilities, but not to the fire safety management of home-based childcare centers.
