1 Foreword

WW/T 0028-2010 was issued by State Administration of Cultural Heritage on 1 July 2010 and has been in force since 1 September 2010.

The WW/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 13 pages in English translation.

2 Scope Preview

This standard specifies the relevant terms, test contents, testing procedures and specific detection methods in the evaluation of the protection effect of sandstone cultural relic materials. This standard is applicable to the assessment of the effect of osmotic reinforcement and surface protection materials in the protection of weathered sandstone artifacts.
