1 Foreword

WW/T 0084-2017 was issued by State Administration of Cultural Heritage on 8 August 2017 and has been in force since 1 December 2017.

The WW/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 257 pages in English translation.

2 Scope Preview

This standard specifies the engineering quantity calculation rules, sub-project divisions, and measurement unit basis for the ten sub-projects including basic and masonry projects in the cultural relic protection project in the southern region, as well as the labor and materials for completing sub-projects for specified measurement units. , Machinery taiwan consumption standards. This standard applies to the maintenance and repair engineering of cultural relics buildings in the south, emergency rescue projects, renovation projects, and
