1 Foreword

XF/T 3003-2020 was issued by Ministry of Emergency Management on 10 November 2020 and has been in force since 1 May 2021.

It replaces the earlier edition NY/T 1202-2006.

The XF/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This standard specifies the terms and definitions, classification and equipment requirements, functional requirements, technical requirements and maintenance of vehicles for fire investigation vehicles. This standard applies to the equipment design and application of fire investigation vehicles.

XF/T 3003-2020 falls under ICS 13.220.10, in the field of environment and health

protection, safety.

This catalogue holds 29 other XF/T standards in that field.

In this catalogue, XF/T standards carry edition years from 2005 to 2026.

3 About this standard

Issued by: Ministry of Emergency Management

English translation: about 7 pages

Chinese original: about 11,154 characters

Supersedes the earlier edition NY/T 1202-2006.

4 Related standards

Standards on related subjects:

GB 8624-2025 - Classification for burning behavior of building materials and products

GB 13495.1-2015 - Fire safety signs - Part 1: Signs
