1 Foreword

XF/T 3004-2020 was issued by Ministry of Emergency Management on 10 November 2020 and has been in force since 1 May 2021.

It replaces the earlier edition NY/T 1203-2006.

The XF/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This standard stipulates the general regulations, job responsibilities, fire safety system and safety operation procedures, station equipment management, fire safety signs, fire prevention and explosion management, fire protection inspection and inspection, fire hazard rectification, fire protection Safety education and training, preparation and drills of fire fighting and emergency evacuation plans, and fire file management. This standard is applicable to the fire safety management of commercial automobile refueling stations
