1 Foreword

XF/T 3012-2020 was issued by Ministry of Emergency Management on 10 November 2020 and has been in force since 1 May 2021.

The XF/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 10 pages in English translation.

2 Scope Preview

This standard specifies the definition and classification, technical requirements, test methods, inspection rules, comprehensive judgment criteria and packaging, marking, labeling, storage and transportation, product manuals, etc. of steel structure fire protection panels. This standard applies to all types of steel structure fire protection panels used on the surface of steel structures in building (structure) engineering.
