1 Foreword

XF/T 3019-2023 was issued by Ministry of Emergency Management on 19 July 2023 and has been in force since 19 October 2023.

The XF/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 20 pages in English translation.

2 Scope Preview

This standard specifies the fire safety management requirements and measures for large commercial complexes. This standard applies to the fire safety management of large commercial complexes with a construction area of more than 50,000 m2 that have been built and put into use. The fire safety management of commercial complexes with a construction area of less than 50,000 m2 can be implemented as a reference.
