1 Foreword

YB/T 4001.2-2020 was issued by Ministry of Industry and Information Technology on 16 April 2020 and has been in force since 1 October 2020.

It is one of 3 parts of the YB/T 4001 series.

2 Scope

This standard specifies the terms and definitions, construction, technical requirements, production, anti-corrosion measures, installation, inspection and packaging marks of spherical guardrails for industrial platforms. This standard applies to operating platforms, stairs, pedestrian passages, maintenance trestle bridges, lifts and other places where there is a danger of falling in industrial enterprises. Not suitable for guardrails and other mobile devices in residential buildings, pedestrian paths on streets and roads, schools, shopping malls, stadiums or large public places.

3 About this standard

Sector: Ferrous Metallurgy Industry Standard (Recommended)

Issued by: Ministry of Industry and Information Technology

English translation: about 12 pages (approximate)

Chinese original: about 18,139 characters
