What this standard covers

This standard specifies the micro, low-carbon manganese silicon alloy technical requirements, test methods, inspection rules, packaging, storage, marking and quality certification. This standard applies to steelmaking and casting as an alloying agent, compound deoxidizer and desulfurizer, smelting low, low carbon ferromanganese micro used as a reducing agent, carbon manganese silicon alloy.

Document data

International classification (ICS): 77.100.

Chinese classification (CCS): H42.

Estimated length of the Chinese original: 6,696 words.
