1 Foreword

YB/T 4293-2012 is issued by Ministry of Industry and Information Technology.

2 Scope

This standard specifies the magnetic reel steel and other iron-based soft magnetic materials DC magnetic flux density measurement principles and lines, samples, measuring device, measuring procedure, the results calculated, uncertainty, reports and so on.It cites 1 other standard.

3 Normative references

The following documents are referred to in the text in such a way that some or all of their content constitutes requirements of this document.

GB/T 13012

4 About this standard

Issued by: Ministry of Industry and Information Technology

English translation: about 8 pages (approximate)

5 Classification and status

International classification (ICS): 77.040.99

Chinese Standard Classification (CCS): H 21

Prefix YB/T: recommended standard.
