What this standard covers

This standard specifies the terms and definitions, classification and codes, ordering contents, dimensions, appearance, weight, technical requirements, inspection and testing, packaging, marking and quality certificates of color-coated steel plates and strips for construction. This standard applies to color-coated boards for construction with a thickness of 0.20mm~2.0mm and a width not exceeding 1800mm. This standard does not apply to color-coated plates using stainless steel and aluminum alloy plates as substrates.

Document data

International classification (ICS): 77.140.50.

Chinese classification (CCS): H46.

Supersedes the earlier edition YB/T 4456-2015.
