### What this standard covers

This Standard specifies the silicon steel continuous annealing carbon sets terms and definitions, classifications and codes, technical requirements, test methods, inspection rules, packaging, labeling, transportation, storage and quality certificate. This Standard applies to the carbon sleeve roller hearth silicon steel strip continuous annealing furnace transmission.

### Document data

International classification (ICS): 59.100.20.

Chinese classification (CCS): Q52.

Estimated length of the Chinese original: 8,831 words.
