What this standard covers

This standard specifies the determination of silicon content by perchloric acid dehydration gravimetric method. This section applies to the determination of silicon nitride box with silicon nitride, determination range (mass fraction): 40.00% ~ 60.00%..

Document data

International classification (ICS): 77.100.

Chinese classification (CCS): H11.

Estimated length of the Chinese original: 8,823 words.
