What this standard covers

This standard specifies the classification, code, order content, size, shape, weight and tolerance, technical requirements, test methods, inspection rules, packaging, marking and quality certificate of welded special-shaped steel pipes. This standard applies to square and rectangular welded steel pipes (hereinafter referred to as "steel pipes") for structures such as buildings, bridges, machinery, vehicles, ships, transportation facilities and sports equipment.

Document data

International classification (ICS): 77.140.75.

Chinese classification (CCS): H48.

Estimated length of the Chinese original: 24,293 words.
