What this standard covers

This standard specifies the technical requirements for the steel slag for sintering flue gas desulfurization process, the design, construction, acceptance, operation and maintenance of the sintering flue gas desulfurization system. This standard applies to the sintering flue gas desulfurization system with steel slag (except stainless steel slag) as desulfurizer.

Document data

International classification (ICS): 77.140.99.

Chinese classification (CCS): H34.

Estimated length of the Chinese original: 8,879 words.
