What this standard covers

This standard specifies the terms and definitions, basic principles, evaluation requirements, evaluation procedures and evaluation reports for green factory evaluation of welded steel pipe enterprises. This standard is applicable to the evaluation of green factories of independent welded steel pipe enterprises. This standard does not apply to enterprises that include subsequent surface anti-corrosion processing of finished welded pipe products other than hot-dip galvanizing.

Document data

International classification (ICS): 77.010.

Chinese classification (CCS): H04.

Estimated length of the Chinese original: 20,226 words.
