What this standard covers

This standard specifies the ordering content, dimensions, appearance, technical requirements, test methods, inspection rules, packaging, marking and quality certificates of high-temperature alloy precision seamless pipes. This standard applies to cold-rolled (drawn) high-temperature alloy precision seamless pipes with nominal outer diameters of 3.0mm to 51.0mm and wall thicknesses of 0.2mm to 5.0mm.

Document data

International classification (ICS): 77.140.75.

Estimated length of the Chinese original: 14,130 words.
