What this standard covers

This standard specifies the product classification, technical requirements, inspection rules, inspection methods, transportation, storage and quality certificate of slaked lime for metallurgical use. This standard applies to slaked lime powder obtained by hydration processing of quicklime as raw material, which is used for ironmaking sintering, pellet flue gas desulfurization, and sintering pellet ingredients. It can also be used as a reference in other fields.

Document data

International classification (ICS): 73.080.

Chinese classification (CCS): D52.

Estimated length of the Chinese original: 14,137 words.
