What this standard covers

This standard specifies the ordering content, size, shape, technical requirements, test methods, inspection rules, packaging, marking, and quality certificates of stainless steel H10Cr18Ni17Cu3NbN, heat-resistant steel H08Cr9W3Co3VNbCuBN, ??and corrosion-resistant alloy HNS3701 welding wires for ultra-supercritical coal-fired power generation equipment. This standard applies to stainless steel, heat-resistant steel, and corrosion-resistant alloy solid welding wires for argon arc welding used in ultra-supercritical coal-fired power generation equipment.

Document data

International classification (ICS): 77.140.99.

Chinese classification (CCS): H59.

Estimated length of the Chinese original: 8,884 words.
