CCS H 00

YB

**INDUSTRY STANDARD OF THE
PEOPLE'S REPUBLIC OF CHINA**

YB/T 6229-2024

**Test method for desulfurization and denitrification performance
of activated carbon for sintering and pelletizing flue gas
treatment**

(English Translation)

Issued on: December 10, 2024

Implemented on: April 1, 2025

Issued by: Ministry of Industry and Information Technology

What this standard covers

This standard specifies the terms and definitions, determination principles, reagents and materials, instruments and equipment, sample preparation, test conditions and preparation, test steps, result calculation, precision, and test reports for the performance of activated carbon cycle desulfurization and denitrification for sintering and pelletizing flue gas treatment. This document is applicable to the determination of the performance of activated carbon cycle desulfurization and denitrification for sintering and pelletizing flue gas treatment.

Document data

International classification (ICS): 77.080.01.

Chinese classification (CCS): H00.

Estimated length of the Chinese original: 11,114 words.
