What this standard covers

This standard specifies the terms and definitions, types and basic parameters, technical requirements, test methods, inspection rules, marking, packaging, transportation and storage of chain bucket slag pickers for flash furnaces. This standard applies to chain bucket slag pickers that are used in conjunction with flash furnaces in smelters to pick up and lift water-quenched slag.

Document data

International classification (ICS): 77.180.

Chinese classification (CCS): H92.

Estimated length of the Chinese original: 16,175 words.
