1 Foreword

YD 2010-1993 was issued by Ministry of Industry and Information Technology on 11 December 2009.

2 Scope

This standard provides a unified IMS-based multimedia conference definition of a business, the business characterization, the business system architecture, the relevant functional entities, interfaces, signaling, service billing and management requirements, as well as signaling processes. This standard applies to IMS-based unified multimedia conferencing service. It cites 29 other standards.
