What this standard covers

This standard specifies the technical requirements, test methods, inspection rules, marking, packaging, transportation and storage of modified polypropylene (hereinafter referred to as MPP) with secondary coating materials for optical fibers. This standard applies to the modified polypropylene used as secondary coating materials for optical fibers, and other modified polypropylenes for similar purposes can also be used as a reference.

Document data

International classification (ICS): 33.180.10.

Chinese classification (CCS): M33.

Estimated length of the Chinese original: 14,138 words.

Supersedes the earlier edition YD/T 1118.2-2001.
