1 Foreword

YD/T 1122-2001 was issued by Ministry of Industry and Information Technology on 24 April 2001 and has been in force since 1 July 2001.

2 Scope

This standard specifies the paging paging receiver between transmitter and an air-interface protocol, including the timing relationships and code definitions. This standard applies to the use of that air interface protocol paging receiver, paging transmitters and paging network control equipment design and manufacturing.

3 About this standard

Sector: Telecommunication Industry Standard (Recommended)

Issued by: Ministry of Industry and Information Technology

English translation: about 8 pages (approximate)

Chinese original: about 12,147 characters

4 Classification and status

Chinese Standard Classification (CCS): M 37

Prefix YD/T: recommended standard.
