1 Foreword

YD/T 1309-2004 was issued by Ministry of Industry and Information Technology on 9 February 2004 and took effect the same day.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 71 pages in English translation.

2 Scope Preview

This standard specifies the load and bearer independent call control capability, transaction processing, procedures, and encoding formats, as well as UMTS requirements. This standard applies to the bearer independent call control devices, but also for Bearer Independent bearer control equipment.
