1 Foreword

YD/T 1311-2004 was issued by Ministry of Industry and Information Technology on 24 March 2004 and took effect the same day.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 11 pages in English translation.

2 Scope Preview

This standard specifies the domestic Internet junk mail handling system on the network structure and its main constituent devices of the functional requirements, and gives the main characteristics of spam and decision rules, and the main way to prevent spam. This standard for conducting e-service carriers and the development of anti-spam features software vendors to provide technical basis.

YD/T 1311-2004 falls under ICS 33.240.60, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
