1 Foreword

YD/T 1322.3-2004 was issued by Ministry of Industry and Information Technology on 4 August 2004.

It is one of 4 parts of the YD/T 1322 series.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This standard specifies the process of conducting e-commerce transactions need to use digital certificates for authentication and digital certificate authentication system technical requirements, but also provides a certification system structure, services, certificates and CRL, supported algorithms, operation agreements and management agreements related to technical requirements. This standard applies to e-authentication systems.

YD/T 1322.3-2004 falls under ICS 35.240.60, in the field of information technology.

This catalogue holds 725 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
