1 Foreword

YD/T 1376-2005 was issued by Ministry of Industry and Information Technology on 1 September 2005 and has been in force since 1 December 2005.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 13 pages in English translation.

2 Scope Preview

This standard specifies the communication with the DC DC module power requirements, test methods, inspection rules, packaging storage and transportation. This standard applies to non-independent use of a communication board mounted DC DC power modules.
