1 Foreword

YD/T 1390-2005 was issued by Ministry of Industry and Information Technology on 1 September 2005 and has been in force since 1 December 2005.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 19 pages in English translation.

2 Scope Preview

This standard specifies the application servers in Softswitch network position and role, functional performance, interfaces, protocols, hardware and software, operation and maintenance management, and environmental requirements. This standard applies to softswitch network application server facilities.
