1 Foreword

YD/T 1393-2005 was issued by Ministry of Industry and Information Technology on 1 September 2005 and has been in force since 1 December 2005.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 40 pages in English translation.

2 Scope Preview

This standard specifies test methods WAP gateway device, test content including system functions, business functions, the device functions, protocol support and network management operation and maintenance functions. Contents of which are required for each test the test environment, test the connection, test procedures, determination methods. This standard applies to WAP gateway devices.

YD/T 1393-2005 falls under ICS 35.100; 33.040, in the field of information technology.

This catalogue holds 725 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
