1 Foreword

YD/T 1803-2008 was issued by Ministry of Industry and Information Technology on 28 July 2008 and has been in force since 1 November 2008.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 17 pages in English translation.

2 Scope Preview

This standard specifies the IMS-based rendering (Presence) business environment and test the contents of the test, including test environment requirements, showing characteristic test and list of resources testing. This standard applies to mobile network presence service related equipment.

YD/T 1803-2008 falls under ICS 33.070.01, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.

3 About this standard

Sector: Telecommunication Industry Standard (Recommended)
