1 Foreword

YD/T 2396-2012 was issued by Ministry of Industry and Information Technology on 24 May 2012.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 8 pages in English translation.

2 Scope Preview

This standard specifies the basic business type of SMS service, the basic function of service system, interface protocol, system function requirements, system security and service quality. This standard applies to business development, system construction and operation and maintenance of SMS service.

YD/T 2396-2012 falls under ICS 33.040.40, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.

3 About this standard

Sector: Telecommunication Industry Standard (Recommended)
