1 Foreword

YD/T 2418-2012 was issued by Ministry of Industry and Information Technology on 28 December 2012.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 11 pages in English translation.

2 Scope Preview

This standard specifies the technical requirements for the use of Chinese e-mail address format in the Internet system, from the server side of the corresponding technical specifications. This standard applies to all levels of e-mail address registration agencies, e-mail address service providers and software vendors to develop support for Chinese e-mail address applications or services.

YD/T 2418-2012 falls under ICS 33.040.40, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
