1 Foreword

YD/T 3654-2020 is issued by Ministry of Industry and Information Technology.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 8 pages in English translation.

2 Scope Preview

This standard specifies the verification rules for IPv6 address real-name filing information, the interface specification and interface protocol for the exchange of verification results. This standard applies to IPv6 address real-name system management related systems and IPv6 address real-name system management access user information filing system [self-check to ensure that the names used in each standard are unified] The verification results and interactive verification results of IPv6 real-name information are issued.

YD/T 3654-2020 falls under ICS 33.040, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
