1 Foreword

YD/T 3662-2020 is issued by Ministry of Industry and Information Technology.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 10 pages in English translation.

2 Scope Preview

This standard specifies the specific requirements of bad information management technology for mobile resale business, mainly including: management method and structure, technical requirements of related systems and network elements, specific management technologies and processes, and relevant interface settings between resale enterprises and basic telecommunication enterprises Wait. This standard applies to the management of bad information in the mobile resale business.

YD/T 3662-2020 falls under ICS 33.030, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
