1 Foreword

YD/T 3663-2020 was issued by Ministry of Industry and Information Technology on 16 April 2020 and has been in force since 1 July 2020.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 9 pages in English translation.

2 Scope Preview

This standard specifies the principles, processes, work forms and phased operations of risk assessment implementation for mobile communication intelligent terminal information security risk assessment. This standard is applicable to the information security risk assessment of mobile communication intelligent terminals carried out by security assessment organizations.
