1 Foreword

YD/T 3668-2020 is issued by Ministry of Industry and Information Technology.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 13 pages in English translation.

2 Scope Preview

This standard specifies the security capability requirements and risk control measures required for mobile terminal application development, such as design security assurance, code risk prevention, application delivery reinforcement, and use risk control. This standard applies to various applications of mobile terminals.

YD/T 3668-2020 falls under ICS 35.240, in the field of information technology.

This catalogue holds 725 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
