1 Foreword

YD/T 4106-2023 was issued by Ministry of Industry and Information Technology on 21 April 2023 and has been in force since 1 August 2023.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the basic concepts, technical architecture, functional requirements, life cycle management requirements and security requirements of mobile application development cloud platforms. This standard is applicable to guide technology companies, scientific research institutions, third-party evaluation institutions, mobile application developers and operators, etc., in the design, development, testing, operation and maintenance of mobile application development cloud platforms.

YD/T 4106-2023 falls under ICS 35.24, in the field of information technology.

This catalogue holds 725 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
