1 Foreword

YD/T 4252-2023 was issued by Ministry of Industry and Information Technology on 21 April 2023 and has been in force since 1 August 2023.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the requirements for the management and control of mobile intelligent terminal garbage traffic, including the characteristics and classification of mobile intelligent terminal garbage traffic, the overall objectives and technical requirements for mobile intelligent terminal garbage traffic control, and the requirements and evaluation indicators for mobile intelligent terminal garbage traffic disposal. This standard applies to mobile intelligent terminals of various formats. Some clauses are not applicable to special industries and professional applications. Other terminals can also be used as a reference.

YD/T 4252-2023 falls under ICS 33.060, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
