1 Foreword

YD/T 4307-2023 was issued by Ministry of Industry and Information Technology on 21 April 2023 and has been in force since 1 August 2023.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the technical requirements for supporting email user change discovery based on SMTP extensions on the mobile Internet, including technical requirements for servers and clients. The content specified in this standard is mainly applicable to the technology for detecting email user changes provided by email address registration authorities and email service providers at all levels.

YD/T 4307-2023 falls under ICS 35.240.95, in the field of information technology.

This catalogue holds 725 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
