1 Foreword

YD/T 4314-2023 was issued by Ministry of Industry and Information Technology on 21 April 2023 and has been in force since 1 August 2023.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the system architecture, functional level requirements, external interfaces, and platform function and performance technical requirements for a civil unmanned aircraft service management platform based on public network communications. This standard applies to civil unmanned aircraft, but the flight monitoring and management of civil unmanned aircraft is outside the scope of this standard.

YD/T 4314-2023 falls under ICS 33.060, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
