1 Foreword

YD/T 4329-2023 was issued by Ministry of Industry and Information Technology on 28 July 2023 and has been in force since 1 November 2023.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard stipulates the principles for establishing an evaluation indicator system for Internet enterprises to prevent and control telecommunications network fraud, principles for selecting evaluation indicators, evaluation objects, and the evaluation indicator system and indicator composition. This standard is applicable to the work carried out by Internet companies to prevent and control telecommunications network fraud. It can also provide reference for competent authorities and third-party evaluation agencies to evaluate the effectiveness of network fraud control.

YD/T 4329-2023 falls under ICS 33.040, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
