1 Foreword

YD/T 4330-2023 was issued by Ministry of Industry and Information Technology on 28 July 2023 and has been in force since 1 November 2023.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard stipulates the classification of fraud-related telecom network resources, gives the characteristics of various types of fraud-related telecom network resources, and provides a framework for identifying the characteristics of fraud-related telecom network resources. This standard is suitable for basic telecommunications companies, Internet companies, etc. to selectively carry out the identification of fraud-related telecommunications network resources based on the characteristics of various types of fraud-related resources.

YD/T 4330-2023 falls under ICS 33.030, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
