1 Foreword

YD/T 4338-2023 was issued by Ministry of Industry and Information Technology on 28 July 2023 and has been in force since 1 November 2023.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the networking architecture, functional architecture, functional requirements, as well as non-functional requirements such as reliability and scalability of basic telecommunications enterprise security threat information analysis systems. This standard applies to the development and detection of basic telecommunications network security threat information analysis systems.

YD/T 4338-2023 falls under ICS 33.040, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
