1 Foreword

YD/T 4346-2023 was issued by Ministry of Industry and Information Technology on 28 July 2023 and has been in force since 1 November 2023.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the technical requirements related to personal messages (including one-to-one messages, group messages, group chats, etc.) in 5G messages, including personal message business overview, main processes, key parameter requirements, platform terminal logic, etc. This standard applies to the design, development and testing of 5G messaging services and equipment supporting 5G messaging services.

YD/T 4346-2023 falls under ICS 33.040.40, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
