1 Foreword

YD/T 4394.3-2023 was issued by Ministry of Industry and Information Technology on 20 December 2023 and has been in force since 1 April 2024.

It is one of 8 parts of the YD/T 4394 series.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This standard specifies the indicator requirements and evaluation methods for intelligent translators that can realize speech input, automatic translation and speech output. It mainly includes the basic framework of intelligent translators, an overview of evaluation methods, indicator items and evaluation methods. The intelligent translator does not include Bluetooth headsets, electronic dictionaries and voice recorders that support translation. This standard is suitable for guiding third-party evaluation agencies in the evaluation and acceptance of intelligent translators.

YD/T 4394.3-2023 falls under ICS 35.240, in the field of information technology.

This catalogue holds 725 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
