1 Foreword

YD/T 4394.6-2023 was issued by Ministry of Industry and Information Technology on 28 July 2023 and has been in force since 1 November 2023.

It is one of 8 parts of the YD/T 4394 series.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This standard specifies the evaluation indicators and methods of the customer service quality inspection system. The quality inspection objects include not only manual customer service, but also intelligent customer service such as outbound calls, inbound calls, voice navigation and online consultation systems. It mainly includes the intelligent quality inspection system framework, indicators and assessment method. This standard is suitable for guiding third-party evaluation agencies in the evaluation and acceptance of customer service quality inspection systems.

YD/T 4394.6-2023 falls under ICS 35.240, in the field of information technology.

This catalogue holds 725 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
