1 Foreword

YD/T 4428-2023 was issued by Ministry of Industry and Information Technology on 28 July 2023 and has been in force since 1 November 2023.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the technical requirements for trusted network classification, including the principles of network classification and the specific security requirements for each classification. This standard is suitable for enhancing the security of the existing network architecture by hierarchizing the network based on existing network equipment based on different business needs.

YD/T 4428-2023 falls under ICS 35.100.30, in the field of information technology.

This catalogue holds 725 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
