1 Foreword

YD/T 4442-2023 was issued by Ministry of Industry and Information Technology on 28 July 2023 and has been in force since 1 November 2023.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the application scenarios, business requirements, network architecture, networking functional requirements, performance requirements and security requirements of SD-WAN in the industrial Internet. This standard is applicable to the demand analysis and architecture construction reference of industrial Internet business and network.

YD/T 4442-2023 falls under ICS 33.060.01, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
